|------------|---|

BREAK – 9:50A-10A

| | ZOOM ROOM 1 | ZOOM ROOM 2 | ZOOM ROOM 3 |
|--------------|--|--|--|
| 10AM-10:30AM | <p>THE FUTURE OF COMPUTER SCIENCE</p> <p>Lynn Hadley Representative of CSTA (Computer Science Teacher Assoc.)</p> <p><i>This session will discuss careers in CS. CS was rated #1 for hiring in the job industry but few schools teach it. I will discuss what CSTA is all about and how to meet the hiring needs.</i></p> <p>https://bloomu.zoom.us/j/95280468512</p> | <p>Save Early and Often: Time Value of Money (TVM) and Retirement Planning</p> <p>Mike Ozlanski Sigmund Weis School of Business Susquehanna University</p> <p><i>This session highlights concepts and recent research related to compound interest, time value of money (TVM), and retirement planning. This session provides specific resources that can help students apply concepts related to retirement planning, and it illustrates a framework that students can use to develop their retirement strategy.</i></p> <p>https://bloomu.zoom.us/j/94161746681</p> | <p>"The Missing Semester 2" Financial Literacy Program</p> <p>Eugene M. Natali, Jr. and Jeff Davidek Founders of Troutwood.com</p> <p><i>A new normal: helping students plan and prepare for their future</i></p> <p>https://bloomu.zoom.us/j/93454182929</p> |
| 10:30AM-11AM | <p>Skills Necessary to Succeed</p> <p>Juli Miller, Vice President of Marketing Johnson & Johnson</p> <p><i>Tomorrow's business leaders will require a broader skill set than ever before. This session will discuss the balance of diverse skills needed to be competitive in the marketplace. I will discuss topics such as data and analytics, coding, data visualization, soft skills, and personal branding.</i></p> <p>https://bloomu.zoom.us/j/95417528654</p> | <p>"Dealing with Cyber Security in Uncertain Times"</p> <p>Angel Kern Penn State Harrisburg</p> <p><i>Training the next generation of cybersecurity experts and why it requires input from many different disciplines...i.e. cybersecurity is NOT just technology...its psychology, ethics, science, stats, math, geography, etc. We need people from varied backgrounds to train for cyber security careers. A lack of cyber trained people is a top 10 national security threat. Now more than ever we need K-12 starting the cyber security career and training discussion.</i></p> <p>https://bloomu.zoom.us/j/97353778649</p> | <p>Project Based Learning</p> <p>Theresa Finley Sigmund Weis School of Business Susquehanna University</p> <p><i>Project Based Learning is a pedagogical approach in which students learn by doing. This session will explore the benefits of Project Based Learning in the classroom as well as techniques for implementation through small and large scale projects.</i></p> <p>https://bloomu.zoom.us/j/96497774129</p> |

THANK YOU FOR COMING!
